WHY MOST EDUCATION IS BROKEN AND HOW WE'RE FIXING IT

Most universities tell you that "Knowledge is Power," but they keep you stuck in a classroom for four years. We've built for the people who want to test their ideas, and see if they actually work in the real world. We've turned our campus into a massive workspace where students can actually practice what they're learning.

PHILOSOPHY: THE PROOF OF PROGRESS

Host of the Aravalli Terrain Vehicle Championship (ATVC) Season 9, 2026

Watching students from all over India race their custom-built off-roaders on our own tracks says more about our culture than any mission statement ever could. The ATVC isn't just a race or endurance test; it is a massive industrial simulation hosted right here.

Over
2,000+ student participants
from across the country.

More than
65+ Colleges
from various universities across India

This is a multi-day spectacle and innovation event including:

- ▀ **Static Tests:** Design evaluation and safety cage integrity.
- ▀ **Dynamic Tests:** Brake tests, acceleration, and maneuverability.
- ▀ **The Endurance Finale:** A grueling 4-hour non-stop race on our specialized off-road terrain that pushes man and machine to the breaking point.

The Utility: Hosting an event of this magnitude requires precision logistics, technical marshaling, and high-stakes management skills that our students witness and participate in first-hand.

ABOUT THE EVENT

Get ready to ignite your imagination and step into the future! Join us for India's groundbreaking 5-day edutainment adventure an electrifying fusion of innovation, high energy and unforgettable experiences that will inspire you at every moment.

OUR ECOSYSTEM: 15+ DEPARTMENTS

A breakdown of our 15+ departments

We've grown into a full-scale university with over 15 different departments. We've organized them so you can find where you fit best:

- Engineering
- ICT
- Computer Applications
- BAMS
- BHMS
- Music & Production
- Aviation, Hospitality and Tourism Management
- Design
- Science
- Commerce
- Arts
- Management
- Law
- Education
- Physiotherapy
- Nursing
- Pharmacy

HIGHLIGHTING THE OUTCOME-BASED THOUGHT-PROCESS

Why our graduates are actually ready for the industry?

- We offer over 15 specialized departments, ensuring every student finds their perfect career path and focus on building real confidence for a secure future.
- Our students spend maximum time on practical assignments and projects, helping them to step out fully prepared, job-ready from day one, making their careers fruitful and more ambitious.

OUR ADVISORS

Shalini Agarwal, IAS
Municipal Commissioner,

IT, Henkel

Reetu Raina
VP, Global Head Talent
Management, Amdocs

Monark Goswami
CEO - Monark University,
Founder - Monark Foundation

COME VISIT OUR CAMPUS

- The best way to understand the vibe here is to walk through our space and see it for yourself.
- You'll see the track, you'll see the labs, and you'll see students actually working on projects that matter.
- We're building something real in Ahmedabad, and we'd love for you to be a part of it.
